

ENJOY A MEAL WHERE PLAYFULNESS SLIPS IN BETWEEN EACH COURSE...
TAKE ON VARIOUS CHALLENGES BASED ON WINE AND GASTRONOMY
AS YOU SECURE A VICTORY FOR YOUR TEAM.

CONCEPT Take part in different challenges set up during your dinner as you try to win a maximum number of keys. Will you be lucky enough to get the key that opens the picnic basket full of treasures? Each challenge is fun and interactive, combining dexterity with the skills of taste and other senses. To this we add a cultural touch with a fun quiz that is accessible to all players, based on the world of wine and gastronomic customs throughout history.

STRUCTURE Welcomed by our game leader, participants discover intriguing anecdotes about wine and the history of food. A quiz booklet is given to each team, with each table representing a team. Participants are free to respond to quiz questions at their own pace throughout their meal. Quiz answers are reviewed during the dessert course and keys are awarded accordingly.

In addition, between each course of the meal representatives of each team participate in challenges that take place at a central table. During both the starter and dessert, players take part in a common challenge directly at their table. All challenges are based on the world of wine, dinner table customs, the art of eating, and other culinary subjects. Each time a challenge is completed, keys are handed out to the teams. The more keys a team wins the more chance it has to get the one that opens a locked picnic basket full of surprises.
