

# A night OF CHALLENGES

A NIGHT OF CRAZY CHALLENGES, QUIRKY ACCESSORIES  
AND GOURMET TASTINGS IN A FUN ATMOSPHERE.

## CONCEPT

Take part in various short challenges installed on game tables as you try to win a maximum number of chips. Will you earn enough to bid for one of the prizes at the final auction? These challenges are based on dexterity, strategy, and/or a gastronomy theme so everyone has a chance to win.

## STRUCTURE

Divided into teams and provided with chips, participants compete against others via short challenges where chips are wagered to be won or lost. These challenges require of observation, strategy and/or dexterity. They are playful and sometimes involve objects that are completely unexpected. Players can face off against a game leader to win even more chips!

Certain tasting stations (chocolate, wine, cheese, jam, honey, fruit juice, etc.) will also allow them to use their food knowledge and win big! Participants pass from one challenge to the next, with the event concluding in an auction of gastronomy-related prizes. Players raise each bid with their collected chips, without knowing the nature of the prize...
